Prof P Balaram to deliver lecture

TIMES NEWS NETWORK

Thiruvananthapuram: Prof P Balaram, former director of Indian Institute of Science, Bengaluru, will deliver the foundation

RGCB FOUNDATION DAY EVENT

day lecture at Rajiv Gandhi Centre for Biotechnology (RGCB) at IITM on November 25. The topic of this year's lecture is 'chemistry, biology and the unity of nature'.

A recipient of Padma Shri and Padma Bhushan, Prof Padmanabhan Balaram has contributed extensively in the field of molecular biophysics and chemical biology. He had served as editor of Current Science from 1995 to 2013.

After graduating from Poona University, Prof Balaram did his M.Sc from IIT Kanpur and PhD from Carnegie-Mellon University, USA, and also served as research associate at Harvard University.

Currently associated with the National Centre for Biological Sciences, Bengaluru, as the DST-YOS chair professor, the honours received by him included R Bruce Merrifield award of the American Peptide Society.
